

Welcome to the First Telehealth Platform that Integrates with your Existing Diagnostic Equipment

A Technology Designed by Physicians

Zero footprint

No hardware, no capital expense. Use your available scopes, navigation, or cameras.

Effortless operation

Uncomplicated. Launch from mobile device or computer with one touch.

Drives efficiencies

Reduce time to diagnosis, increase patient satisfaction, broaden your referral network.

Serious security

HIPAA compliant, encrypted, confidential. Know that your interaction is secure.

How it Works
